Assembly Service — Perth (WA) & Victoria

In Perth, our trusted contractor delivers and assembles your glass cabinet(s) on site, on the same day. In Victoria, a transport company delivers and the contractor quotes for assembly.

HOW IT WORKS — PERTH (WA)

1
Order your cabinet(s) from Hobbs Displays.

2
Contact our contractor for a firm quote and to agree a date.

3
The contractor delivers and assembles on site, same day.

4
Pay the contractor directly for delivery and assembly.

PRICING GUIDE — PERTH (WA)

Assembly	From **$250 + GST per standard cabinet**. The final price depends on cabinet size and complexity. Discounted rates for larger quantities and smaller cabinets.
Delivery	Charged separately, based on the distance from our Malaga warehouse to your address.
Payment	Invoiced by and paid directly to the contractor, separately from your cabinet purchase.
Victoria	**Delivery:** by transport company, organised by Hobbs Displays. **Assembly:** the pricing above does not apply — please contact the contractor directly for a quote.

BEFORE THE CONTRACTOR ARRIVES

- **Power point:** each lit cabinet needs a power point (GPO) nearby. The transformer usually sits on top of the cabinet and its cable is about 2.5–3 m long, depending on the model.
- **Location:** decide where each cabinet will stand and keep the area clear.
- **Access:** let the contractor know about stairs, lifts, narrow doors or parking limits when you book.
